INTERNATIONAL CONFERENCE PRESENTATIONS – 2004-2015

2015

2014

204. “Comparison of SiC epitaxial growth from dichlorosilane and tetrafluorosilane precursors”, Tangali S. Sudarshan, Tawhid Rana, Haizheng Song, MVS Chandrashekhar, 224th ECS Meeting, San Francisco, California, October 27 – November 1, 2013. (invited talk)

137. “Recombination Behavior of Stacking Faults in SiC p-i-n Diodes” with S. Maximenko and P. Pirouz, ibid.

2004

87. “A Non-Destructive Technique For High Field Characterization Of Gate Insulators In SiC MOS Capacitors,” with V.P. Madangarli, Int. Conf. on SiC and III-N ‘97, Stockholm, Sweden, August 31st - September 5, 1997.

68. "High Field Microplasma Activity along Alumina Surfaces in Vacuum," with Li, Ibid.

38. "Pre-breakdown (leakage) and Breakdown Currents and Light Emission Related to Surface Flashover Along Silicon in Vacuum," with Nam, p. 362-64, Ibid.
